F. C. PARKER, Auditor for Town of Acworth.

Silsby Free Public Library.

REPORT OF LIBRARIAN.

I think it is generally conceded that the Library is a valuable institution to the town of Acworth. The magazines are no less interesting than formerly; not a wish has been expressed for their discontinuance, and all readers seem eager for a knowledge of current events. Four thousand one hundred sixteen books and other publications have been loaned during the year, making the average more than seventy-nine each week.

The record of visitors is the largest of any year since the services of dedication in August, 1892. Two hundred thirty-two persons have registered since your last report, and have carried their impressions to their several homes.

On examination of the old books received from a former library, it was discovered that many could not be re-bound; several are incomplete, which makes the purchase of new books necessary, and it is for this purpose that most of the expense for new books has been incurred.

During the year James B. Gove, Esq., of Laconia, Capt. E. L. Sarsons of Acworth, A. J. McPherson of Claremont, and Mrs. H. L. Johnson of Hyde Park, Mass., have generously donated books. These friends deserve and will receive the grateful thanks of the people.

Your Library now contains eighteen hundred forty-six books, labeled and numbered for use. Ten monthly and three weekly publications are regularly received and read.

With a building of such durability, requiring only a few dollars each year to preserve the beauty of the interior, and with every prospects of a legacy within a few months, the indications are that the Library must continue to hold its present position, that it will bless and benefit future generations.

Again thanking the Trustees for their valuable suggestions, and the public for the interest manifested, I herewith submit my fifth annual report.

Very Respectfully,

H. N. HAYWARD, Librarian.

Acworth, N. H., Feb. 15, 1897.

Report of School Superintendent.

The school year has been one of general prosperity; teachers have been faithful, and the pupils, with few exceptions, diligent and obedient.

TEACHERS.

It has been our aim to secure the best teachers possible with the means at our command, and engage those, and only those, who realize the serious, weighty and difficult task of a teacher, who engage in the work for the work's sake, and whose ambition is to stimulate the intellectual and moral faculties of those committed to their care.

In a part of the schools drawing has been taught to some extent, and always with pleasing results, and it should be made general. In all schools there has been a marked improvement in penmanship, and this branch deserves even more attention. In mathematics, geography, history, reading and spelling, most satisfactory progress was noticeable, which gave evidence of thor-

ough work on the part of the instructors and of industry from the scholars.

SCHOOL MONEY.

The amount required to be raised by law is seven hundred seventy dollars. The town voted last year to raise one hundred dollars in addition, making eight hundred seventy. This amount with the literary fund of about eighty-four dollars, and the revenue from dog licenses, constitutes the school money for use.

ROLL OF PERFECT ATTENDANCE.

Names of pupils who have not been absent or tardy during the entire year:

Centre Division, Donald Dodge, Roy Dodge.

Derry Hill Division: Samuel D. Moody, Maude H. Moody.

East Acworth Division: Pearl Clark, Alice L. Metcalf, Raymond Buss, Ina E. Morrison, Asa A. Morrison, Charles F. Clark.

South Acworth Division: Daisy M. Crossett, Guy H. Cummings, Carl G. Fisk.

Union Division: Alta M. McLaughlin, Bessie L. McLaughlin.

Names of pupils who have not been absent or tardy for one entire term:

Centre Division: Bertha M. Dutton, Phebe Dodge, Ruby E. Eaton, Clyde Buswell.

Derry Hill Division: Millie E. Moody, Florence M. Reed.

Smith Division: Grace A. Smith, Minnie E. Glynn.

Tracy Division: Mary E. Matthews, Elsie J. Matthews.

Gates Hill Division: Bertha F. Perham.

East Acworth Division: Inez F. Heath, Sadie N. Lombard, Roy H. Buss, Lee R. Call, Harry Kemp, George L. Lombard, Henry E. Neal, Roy Symonds.

South Acworth Division: Eunice M. Blodgett, Louise M. Reed, Sarah E. Wells, Gertrude Brackett, Edith D. Lufkin, Belle E. Lufkin, Frank C. Cummings, Percy N. Merrill, Edgar G. Morrison.

Union Division: Ethel M. Howard, Christie E. Streeter, Fred D. Hatch.

TRANSPORTATION.

The most difficult problem to solve has been that of the transportation of scholars. In some localities a reasonable compensation for conveyance, owing to distance from central points, is impossible, which makes it necessary to support a school of five or six pupils in the immediate neighborhood. This with the fact that the school money is nearly four hundred dollars less than six years ago, is the reason why only twenty weeks of school can be maintained during the year.

Under such circumstances it would seem as if parents might see their own interests, and show a better appreciation of their school privileges by requiring a regular attendance of their children (sickness excepted) when schools are in session. The registers show many instances of tardiness and absence. The percentage of constant attendance is too low for the best interests of the school. It is my expressed wish that the parents could and would realize the irreparable loss to their children from such a course; for the business world during the next generation will require good scholarship as well as good citizenship, and when we can see the percentage of attendance raised there will be a gain in the rank of scholarship.

Thanking the friends of education for their cheerful co-operation and support, and with the hope that the standard may be raised in the near future, I submit my annual report.

Respectfully,

H. N. HAYWARD, Supt.

Acworth, N. H., Feb. 15, 1897.
